

Parent Guide for [St Bede's R.C High School]

A Parent's Guide to Getting Started with “EduLink One”

All schools have their own way of working with EduLink One. It is customisable, meaning each school can tailor the product to meet their individual needs. The features covered in this guide are subject to the options your school chooses to use and should be viewed with this in mind. We request that users contact their school directly with any questions they may have.

There are two ways to use EduLink One: through a web browser like Google Chrome or through an app you can download to use on your mobile device. The EduLink One app is available for iOS and Android devices.

Web Browser Instructions

To start, go to <https://www.edulinkone.com/> and input your school’s code. This would have been emailed to you when your account was created. Or if you have already signed in you can use your school’s direct link <https://www.edulinkone.com/#!/login?code=YYYY> inputting your school’s code in place of YYYY.

If you do not have a direct link, you will need to enter your **School ID** or **Postcode** and press **Next**. Your School ID will have been sent to you by the school. **If you forget your username or password, please contact the school.**

A screenshot of the login page. It features a dark blue background with white text. At the top, there are two input fields labeled 'USERNAME' and 'PASSWORD'. Below the password field, there is a checkbox labeled 'REMEMBER ME?' and a link labeled 'RESET LOGIN'. At the bottom of the form, there are two buttons: a grey 'LOG IN' button and a white 'DEMO' button with a blue outline.

A screenshot of the school ID or postcode form. It features a dark blue background with white text. There is a single input field labeled 'SCHOOL ID OR POSTCODE'. Below the input field, there is a grey 'NEXT' button.

Enter your **Username** and **Password** that the school has sent to you.

If you have not received an email with your login details, please contact your school to resolve this issue.

Once you have filled in the username and password boxes with your login details, click **LOG IN** to get started.

Downloading and Using the App

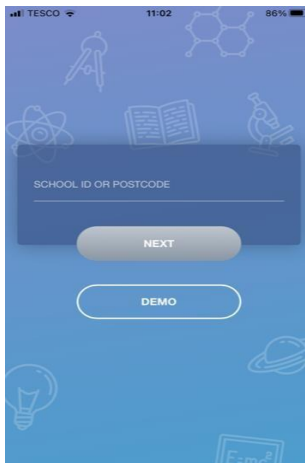

The Edulink One app is available for iOS and Android devices. You can download from these links or search in the App or Play stores.

Apple App Store

<https://itunes.apple.com/gb/app/edulink-one/id1188809029?mt=8&ign-mpt=uo%3D4>

Android Google Play

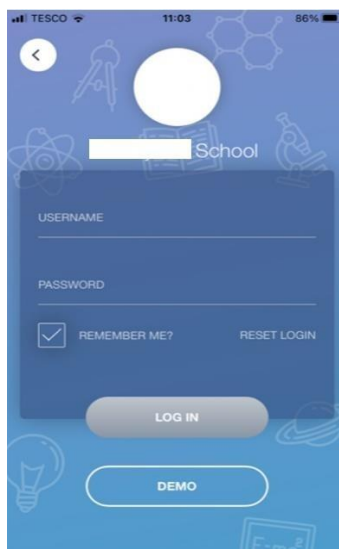

<https://play.google.com/store/apps/details?id=com.overnetdata.edulinkone&hl=en>

If you are using the mobile app you will see the screen to the left. You must input your **School ID** or **Postcode** and click the **Next** button to continue.

This is followed by the **USERNAME** and **PASSWORD** screen where you need to enter the login details your school has sent you.

Once you have filled in all three boxes with your login details, click **LOG IN** to get started.

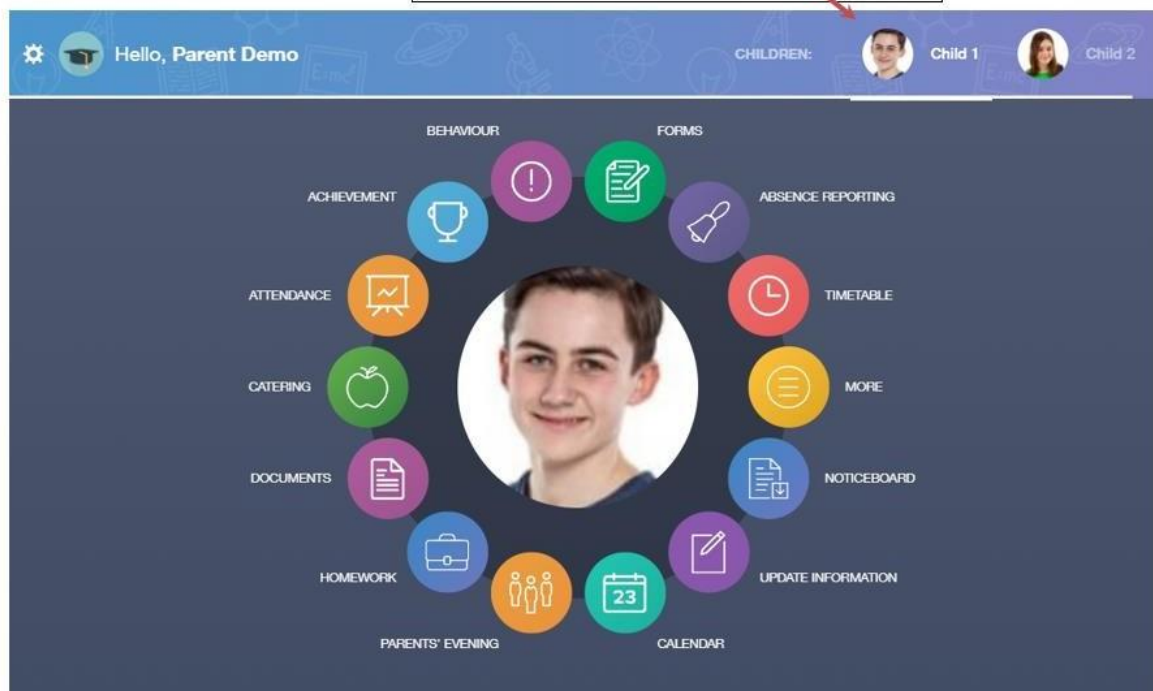

If you forget your username or password, please contact the school

Main Screen

Once logged in, you will see the main screen in Edulink One. The information held in your account relates to your child/children. You will be able to navigate through the different sections of Edulink One by clicking on the icons, e.g. to view your child's attendance, click the **Attendance** icon.

If you have more than one student in school, it's easy to switch between each one. Just select which child you would like to view in the top right-hand corner. If you can't see all your children that attend the same school, please contact your school.

Please see an example of the main screen below. The options may vary between schools as not all schools use all Edulink One's functions.

Documents

In this section you will find all the individual reports related to your child.

This includes profile reports and progress checks. Historical reports from previous years will be stored here and will be available for you to download in PDF format whenever you choose.

Update Information

This section shows you the contact information that the school has on record for yourself and your children.

Here you can review the contact information the school holds for you, but you will also be able to update this with any changes that may occur to this information. When updated information is submitted through Edulink One, this will be picked up by the designated personnel in school in charge of updating records. It will be checked by them and approved.

This side allows you to select whose details you want to check / change.

This side allows you to read and edit the current contact information for the selected person.

To update information using the Edulink One app on a mobile phone, click on the **Data Collection/ Update Information** icon and the screen will open.

To update your own information, simply fill out the fields under your name. If you need to update information for a child, you need to click on the **Switch Account** arrows beside your name. Then, select the child you need to update the information for. Fill out the information in the fields as usual.

Exams

The exams section contains detailed information about upcoming exams that your child will be sitting.

It includes the **Exam Timetable** along with the exam name and location. Your child also has access to this so they can keep track of upcoming exams themselves.

Once the exam results are in, your school has the option to post them in the **Exam Results** tab. As the students own their results, the school may decide not to display them to parents and only the students.

Assessment

The assessment screen is customisable for every school, so most schools' assessments will not look the same. If you are struggling to understand the assessment data, it is best you contact your school so they can explain their assessment process.

You can see your child's/children's grades, targets, attitude to learning and other aspects that the school wants parents to see in Assessments. Some schools colour code data to tell you if your child is working at the expected level. Many schools also provide a written explanation about the assessment, like what each effort grade means.

Also, you can view other assessments, including past assessments, and some schools may make KS2, KS3 or KS4 data available for parents to view.

Below is an example of what an assessment could look like in Edulink One.

Attainment Summary

The information below provides current data on the progress of your child in Attainment Summary. The table shows their KS2 attainment level as well as their Attainment grade and Effort grade for each term, the final column shows your child's current target level which is colour coded according to the below key.
